

10TH ANNUAL MILANA FAMILY FOUNDATION

GOLF OUTING & DINNER

BENEFITTING MAN CAVE HEALTH

2025 GOALS

We are proud to host the **10th Annual Milana Family Foundation Golf Outing** this year.

All proceeds from this year's event will be directly funding the development of **three mobile testing sprinter vans** in partnership with **Man Cave Health**. These vans will provide on-the-go PSA screenings for prostate cancer and will be deployed in collaboration with:

- Boston Medical Center – Boston, MA
- Mount Sinai – Long Island, NY
- UC Irvine- Newport Beach, CA

Each van will be operated by its partnering health system and will attend community events to offer accessible PSA testing. Our goal is to complete the first three vans by **September 2025** and launch them in time for **Prostate Cancer Awareness Month**.

Your support will help make these mobile screening units a reality, expanding access to **life-saving early detection**.

ABOUT

MAN CAVE HEALTH

Man Cave Health is a non-profit organization focused on breaking the silence surrounding men's health issues. Man Cave Health's mission is to raise funds to construct, equip, staff, and operate Man Cave facilities in cities across the country; and offer free health fairs and cancer screening events throughout the year to those in need. Man Cave Health's mission provides both an opportunity for resources and refuge for men to get the latest in education, diagnosis, and treatment.

Man Cave Health is committed to changing the landscape of men's health and has done so throughout the pandemic by hosting weekly Virtual Support Groups. These support groups have been a safe space for men to discuss and learn about different men's health issues, going beyond just prostate cancer.

Man Cave Health is an IRS recognized 501(c)3 nonprofit organization, TAX ID 30-1046542

MILANA FAMILY FOUNDATION

Since its inception in 2008, The Milana Family Foundation has raised money and awareness for various charities throughout the country. In 2018, The Milana Family Foundation launched its own initiative – Man Cave Health, whose mission is to educate men about prostate health and encourage men to play a more active role in their healthcare journey.

Prostate cancer affects approximately 1 in 9 men in their lifetime, but one diagnosis greatly impacted the Milana family. In April of 2016, Tom Milana, Jr. was told he had prostate cancer. As Tom navigated his way from diagnosis back to wellness, he increasingly saw the need for more awareness about men's health issues, and Man Cave Health was born. All proceeds raised by The Milana Family Foundation will be used in support of funding Man Cave Health

The Milana Family Foundation is recognized by the IRS as a tax-exempt organization, Tax ID 36-4620168
