# GOLF OUTING & DINNER

BENEFITING MAN CAVE HEALTH

# 2026 GOALS

In 2025, Man Cave Health reached a major milestone with the launch of our first “**Van Cave**” — the beginning of a national fleet of mobile screening units delivering lifesaving PSA testing directly into communities.

From Newport Beach to Boston, Detroit, and New York, these units are meeting men where they are — breaking down barriers and making early detection accessible when it matters most.

Now, we’re building on that momentum.

Proceeds from this year’s **Milana Family Foundation Golf Outing** will directly fuel the expansion of the Van Cave program into new markets, allowing us to reach thousands more men and their families. Your support will help provide:

- Free PSA screenings for men
- Community-based education and outreach
- Expansion of our mobile fleet through partnerships with leading health systems, including Mount Sinai and Northwell Health

With activations already planned across ten states, we are scaling rapidly — and with your help, we can go even further.

This isn’t just about growth. It’s about saving lives.

Our mission remains simple: **test men, save lives.**

# ABOUT

## MAN CAVE HEALTH

Man Cave Health is a nonprofit organization dedicated to improving men's health through early detection, education, and accessible screening services.

The organization focuses primarily on raising awareness around prostate cancer and other preventable health conditions, encouraging men to take a proactive approach to their health. Through free PSA testing, community outreach, and strategic partnerships, Man Cave Health works to remove barriers that often prevent men from getting screened.

A key part of our mission is meeting men where they are — whether through community events, workplace initiatives, or mobile “Van Cave” units that bring testing directly into neighborhoods across the country.

Man Cave Health is an IRS recognized 501(c)3 nonprofit organization, TAX ID 30-1046542

## MILANA FAMILY FOUNDATION

Since its inception in 2008, The Milana Family Foundation has raised money and awareness for various charities throughout the country. In 2018, The Milana Family Foundation launched its own initiative – Man Cave Health, whose mission is to educate men about prostate health and encourage men to play a more active role in their healthcare journey.

Prostate cancer affects approximately 1 in 8 men in their lifetime, but one diagnosis greatly impacted the Milana family. In April of 2016, Tom Milana, Jr. was told he had prostate cancer. As Tom navigated his way from diagnosis back to wellness, he increasingly saw the need for more awareness about men's health issues, and Man Cave Health was born. All proceeds raised by The Milana Family Foundation will be used in support of funding Man Cave Health

The Milana Family Foundation is recognized by the IRS as a tax-exempt organization, Tax ID 36-4620168
